

# VMware Cloud Foundation (VCF) License Portability

List of Certified Cloud Providers

## VMware Cloud Foundation License Portability – List of Certified Cloud Providers

This page is the official list of Broadcom certified cloud service providers offering either Infrastructure-as-a-Service offerings or integrated VCF offerings eligible for License Portability. For infrastructure-as-a-service offerings compatible with License Portability, refer to the [VMware Compatibility Guide](#) to verify that the underlying infrastructure of the endpoint is technically capable of running VCF. For more information please [contact your local salesperson](#).

### Integrated VCF Offerings

Partner	Service Name	Product Offerings
Google Cloud	VMware Engine VE1 Standard 72 Node	Commitment or Prepay - 1 or 3 year - dollar based Unlicensed - BYOL: VMware Engine VE1 Standard 72 Node
	VMware Engine VE2 Standard 96 Node	Commitment or Prepay - 1 or 3 year - dollar based VCF BYOL: VMware Engine VE2 Standard 96 Node
	VMware Engine VE2 Standard 128 Node	Commitment or Prepay - 1 or 3 year - dollar based VCF BYOL: VMware Engine VE2 Standard 96 Node
	VMware Engine VE2 Mega 96 Node	Commitment or Prepay - 1 or 3 year - dollar based VCF BYOL: VMware Engine VE2 Mega 96 Node
	VMware Engine VE2 Mega 128 Node	Commitment or Prepay - 1 or 3 year - dollar based VCF BYOL: VMware Engine VE2 Mega 128 Node

### Infrastructure-as-a-Service Offerings

With Infrastructure-as-a-Service offerings, there are no changes in relationships that customers maintain with Broadcom, including directly receiving technical support from Broadcom. Furthermore, customers can self-manage the VCF environment or contract with third parties to ensure that the management options meet the organizational requirements in performance and security.

Partner	Service Name	Product Offerings
IBM Cloud	IBM Cloud Bare Metal- 32 cores: Dual Intel Xeon Gold 5218	Commitment – 1- or 3-Year subscription: VCF BYOS IaaS Service (128GB – 1.5TB RAM) 25GB Uplink
	IBM Cloud Bare Metal- 40 cores: Dual Intel Xeon Gold 6248	Commitment – 1- or 3-Year subscription: VCF BYOS IaaS Service (128GB – 1.5TB RAM) 25GB Uplink
	IBM Cloud Bare Metal- 48 cores: Dual Intel Xeon Platinum 8260	Commitment – 1- or 3-Year subscription: VCF BYOS IaaS Service (128GB – 1.5TB RAM) 25GB Uplink
	IBM Cloud Bare Metal- 56 cores: Dual Intel Xeon Platinum 8280	Commitment – 1- or 3-Year subscription: VCF BYOS IaaS Service for SAP HANA & NetWeaver (1.5GB – 6TB RAM) 25GB Uplink
	IBM Cloud Bare Metal- 80 cores: Quad Intel Xeon Gold 6248	Commitment – 1- or 3-Year subscription: VCF BYOS IaaS Service (384GB – 3TB RAM) 25GB Uplink
	IBM Cloud Bare Metal- 96 cores: Quad Intel Xeon Platinum 8260	Commitment – 1- or 3-Year subscription: VCF BYOS IaaS Service (384GB – 3TB RAM) 25GB Uplink
	IBM Cloud Bare Metal- 112 cores: Quad Intel Xeon Platinum 8280	Commitment – 1- or 3-Year subscription: VCF BYOS IaaS Service for SAP HANA & NetWeaver (6TB RAM)
